Re:  Fee waiver for request F-21-00084

Dear Ms Blackshear:

Thank you for your letter of April 12, 2021, estimating search fees of $739.45.

Fees should be waived under the public interest provision of 5 U.S.C. § 552(a)(4)(A)(iii). The request seeks:

- Please provide all documents issued since, or in effect at any time since, the America Invents Act in September 2011 that purport to govern or recommend either form of signature, title of a signatory, or establishing authority of a natural person signatory to act on behalf of an applicant or assignee, for signatories who are not registered attorneys or agents. This request covers internal and external documents authored by the PTO or PTO personnel.

First, the request was prompted by a discussion on one of the email discussion lists of the unpredictability in the PTO’s handling of Powers of Attorney. Powers are bounced based on the title of the signatory (for example, a Power may be accepted or bounced depending on whether the title of the signatory is “CEO” vs. “Managing member” vs. “Vice President” for certain functional areas). The patent bar has had no idea that the Application Assistance Unit considered some titles to be “approvable” vs. “not approvable” for Powers of Attorney and for § 3.73 statements, so AAU’s behavior is perceived to be entirely unpredictable. This unpredictability creates several million dollars per year in excess costs on the public. A colleague provided me with a document she had obtained years ago. From that document, the apparently-random behavior of AAU became clear.

The public is entitled to know the rules and standards that the PTO applies, so the public can comply, and so that the public can inform the PTO of errors.
I intend to write and publish an article for publication in Patently-O or IP Watchdog to explain to the patent bar the standards that the Application Assistance Unit actually applies. I regularly publish articles in both blogs on topics of patent prosecution and on administrative law (see Exhibit D). The documents produced by FOIA and incorporated into this article will be in the public interest because it will tell the patent bar about a rule that the PTO enforces, but with no published notice of its content.

Second, the Department of Commerce committed to the public that all such guidance documents would be posted via the Commerce guidance portal, https://www.commerce.gov/guidance, which in turn refers to the PTO’s page, https://www.uspto.gov/guidance. Department of Commerce, Promoting the Rule of Law Through Improved Agency Guidance Documents, 85 Fed. Reg. 60694, 60695 (Sep. 28, 2020). The requested documents should be listed, but aren’t. Since they aren’t up on the PTO’s guidance page, and the PTO continues to enforce the standards that (presumably) are stated in these documents, the documents should be produced by FOIA so they can be made available to the public via an article. And then they should be up on the PTO’s guidance page.

Third, I have no current client or patent application involving this issue; my inquiry is purely in the public interest. I have no current commercial interest.

Fourth, I tried to frame the request as narrowly and specifically as possible, to get “the real rules,” the guidance documents used by PTO personnel to evaluate signatures for Powers of Attorney and § 3.73 statements. If you can suggest an easier search, of course I’m open to that, and I look forward to a phone call to discuss. The relevant phone number is 646 472 9737.

Fifth, the PTO’s Acknowledgement letter March 31, 2021 claims that the request was “received by the United States Patent and Trademark Office (USPTO) FOIA Office on Monday, March 29, 2021.” That is false. The copy of the request that the PTO sent with the acknowledgement (Exhibit C) confirms that the FOIA request was sent to the correct email address for the FOIA component of the agency, and received on March 12, 2021. Please docket this request with the correct receipt date.

I prefer to receive the documents by email, at DBoundy@CambridgeTechLaw.com or some other electronic form that preserves all documents’ native electronic format and integrity.

Thank you. You may contact me at the email or postal address in the letterhead.

Very truly yours,

Slight revision -- please replace the earlier one. Thank you

Dear FOIA office --

Please provide all documents issued since, or in effect at any time since, the America Invents Act in September 2011 that purport to govern or recommend either form of signature, title of a signatory, or establishing authority of a natural person signatory to act on behalf of an applicant or assignee, for signatories who are not registered attorneys or agents. This request covers internal and external documents authored by the PTO or PTO personnel.

Excluded from this request are the text of the relevant regulations, 37 CFR § 1.4, § 1.32(b)(4), § 3.71, and § 3.73, but guidance, memoranda, instructions, or other documents (internal or external) that purports to elaborate on, or guide application of, regulation would be responsive.

As examples --

-- Attached is a document I received from a colleague that is an example, directed to the document categories "title of signatory" and "establishing authority."

-- I already have
https://www.uspto.gov/sites/default/files/documents/sigexamples_alt_text.pdf and
https://www.uspto.gov/sites/default/files/documents/s_sig_public_01122007.pdf and
https://www.uspto.gov/patents/apply/filing-online/tps-info-s-signature -- if there are earlier versions (but post-AIA), or later updates, or other documents, those would be responsive.

Please provide these in their native electronic form, such as Excel, MS Word or PDF documents, preferably by email to DavidBoundyEsq@gmail.com.

Thank you.

Revised November 2013 (Internal Use ONLY)
Notes:
1. This is NOT an exhaustive list. It is just a list of examples. If there is no statement of authorization and you are unsure if a title carries apparent authority, please double check before rejecting the signature.

2. If the document contains a statement such as "The undersigned is authorized to act on behalf of the applicant" then the signer's title does NOT matter. NOTE: Both AIA/80 and AIA/82 (Revised 07-13) contain authorization to act language.

3. Attorney titles (examples: General counsel, IP counsel, Patent Attorney, Chief Counsel) are not officer titles but can be accepted if included with an officer title (example: General Counsel and Assistant Vice President)

4. If the document neither contains an authorization to act statement nor does the signer have a title that carries apparent authority, the signature can be acceptable if it is accompanied by another document that authorizes the person to sign on behalf of the applicant (example: corporate resolution signed by an officer of the company), then the signature can be accepted.

As a commercial use FOIA requester, you are responsible for the costs involved in search, review and duplication.  See 37 C.F.R. § 102.11(c)(1)(i).

Please note that a search fee is chargeable even when no responsive records are found, or when the records requested are determined to be totally exempt from disclosure.  See 37 C.F.R. § 102.11(c)(3)(i).
Requestors must pay the entire anticipated fee before the Agency begins processing a request when the fee estimate exceeds $250.00. See 37 C.F.R. § 102.11(i)(2).

Please remit, within 30 calendar days of the date of this letter, a check made payable to the “Department of Treasury” in the amount of $739.45. The payment must be sent to:
